

Old Table of Contents (Until Dec 2024)	New Table of Contents (From Jan 2025)	Comment
Highlights	01 - Highlights	
Regulations, Guidelines and Other Standards	02 - Regulations & Guidelines (Core)	The heading is renamed to clarify that the content refers to “Core” sources only. This has no impact on the contents.
Newly Applicable Standards	Newly Applicable Standards	
Developments to Watch	Developments to Watch	
Beyond the Scope of Safety Observer	03 - Regulations & Guidelines (Other)	The subheading “Beyond the Scope[...]” becomes a main heading that will include the updates regarding standards applicable to “Other” Countries, as opposed to “Core” sources.
The Safety Observer Tracker	04 - The Safety Observer Tracker	The subheading becomes a main heading but there is no change regarding the contents.
Product Safety Alerts	05 - Product Safety Alerts (Core)	The heading is renamed to clarify that the content refers to “Core” sources only. This has no impact on the contents.
Dear Doctor Letters & Safety Newsletters	06 - Safety Letters & Newsletters (Core)	The heading is renamed to clarify that the contents refers to “Core” sources only. This implies a change as the publication of the “Health Product InfoWatch” by Health Canada and the Australian “Medicine Safety Updates” will no longer be reported.
Other publications by Regulatory Agencies	07 - Other publications by Core Agencies	The heading is renamed to clarify that the content refers to “Core” sources only. This has no impact on the contents.
